

Post Doctoral Position in Economics

The chair of Macroeconomics: Innovation and Policy has a job opening for a Post Doctoral position. Our chair is part of the Center of Economic Research, which belongs to the Department of Management, Technology and Economics (D-MTEC) at ETH Zurich. Our main focus is on **theoretical research**. We employ and develop macroeconomic models to analyze short- and long-term economic and political problems. We suggest improvements, develop policy guidelines and design new institutions. Our research comprises the following areas:

- Macroeconomic Thinking and Economic Policy
- Innovation, the Engines of Growth and Long-term Well-being
- Design of New Organizations/Institutions and their Foundations
- Banking and Financial Stability

The successful applicant should hold a Ph.D. degree in Economics, Mathematics or Physics and have a demonstrated interest in at least one of the above topics. She or he is expected to both conduct academic and policy-relevant economic research independently and also contribute to research projects at the chair. The appointment includes teaching related to the areas of the chair (at least one semester course per year). Excellent command of English is required.

The salary will be in accordance with the regulations of the ETH Zurich, the starting date is flexible.

Applicants must submit the following documents:

- A short motivation letter describing their background and research interests
- A curriculum vitae
- High school and university transcripts with a description of the grading system
- Two academic references
- A copy of their PhD thesis or academic papers

Please send us all these documents electronically (pdf file format only) to both, Jürg Müller (juerg.mueller@mip.mtec.ethz.ch) and Philippe Muller (philippe.muller@mip.mtec.ethz.ch). Do not send two separate Emails to each of us. The total size of your attachments must not exceed 2.5 MB. For your Email, please use the following subject: "PostDoc Application - [Your name]".
